THIS WE BELIEVE AT KENNEDY...

Francis Bacon on ABILITY:

“Natural ability
is like a natural
plant, that needs
pruning by study.”

A dental laboratory intent on maintaining the highest possible standard of excellence cannot reach a plateau of learning and then stop. We at Kennedy are constantly studying new dental laboratory theories, procedures and techniques, as well as reviewing and improving our established ones. We are proud of our consistent record of being among the very first to herald the most outstanding contributions to today's dental laboratory technology.

There's A Challenge in Dentistry Today

**More time for yourself
and your family.**

**Added recognition in
your chosen profession.**

**The things you and
your family desire.**

**The chance to do the dentistry
you were trained to do
and want to do.**

**Today's dentist must be more productive,
more effective in meeting the oral
health problems of a growing nation. The
management of a dental practice is a
science, not a "hit or miss" proposition.**

**"for Today's Dentist" is a discussion
of these challenges and problems,
as well as a practical solution.**

Vivacious smile on tour

This young immediate denture patient is appearing in person at the Trubyte Exhibit at major dental meetings throughout the country.

Her smile is often described as "vivacious" . . . and with good reason! Trubyte Bioblend teeth, when seen in the mouth, are full of life, and their color appears completely natural because Bioblend's variegated colors are achieved, as in Nature, *from the inside out*. Have you seen what these lively, multiblended teeth can do for *your* denture patients? Ask your Trubyte Dealers' Representative for a demonstration today.

CONGRESSMAN WALTER H. JUDD

SPEAKER

at the First General Session

of the

96th MIDWINTER MEETING

Grand Ballroom

Conrad Hilton Hotel

Monday, February 6th, 7:30 p.m.

Dr. Walter H. Judd, now serving his ninth consecutive term as Congressman from the Fifth Congressional District of Minnesota, is a member of the Foreign Affairs Committee, an outstanding authority on United States foreign policy, and the Keynoter at the recent National Republican convention. He has had first-hand experience with the problems of China where he served for many years as a medical missionary until repeated malaria attacks forced his return to the States.

Dr. Judd is an eloquent speaker and has a message on the problems of the Far East.

News and Announcements

ATTENTION, LADIES!

"The Stone of the Sun" is an enormous basalt stone on which the Aztec Calendar is sculptured and from which it gets its name. It weighs 25 tons and has a diameter of twelve feet. The calendar included flower days, animal days, the history of civilization and celestial movements. As you can see, the Aztecs put everything on their calendar, but we are asking you to put only one thing on yours—Tuesday, February 7th—Ladies' Luncheon of the Midwinter Meeting of the Chicago Dental Society.—*Mildred Larsen, Chairwoman, Ladies' Entertainment Committee.*

PRACTICE ADMINISTRATION MEETING

The Illinois State Academy of Dental Practice Administration will hold its bi-annual meeting on March 26 and 27 at the Pere Marquette Hotel in Peoria. Dr. Elbert C. Thompson of Salt Lake City, Utah, will be the guest speaker. He will devote considerable time to practice administration and case presentation. Members, non-members, wives and assistants are invited. For further information, contact Dr. Frank Fabian, 4753 Broadway, Chicago 40, Illinois.

LOYOLA ALUMNI COCKTAIL PARTY

The alumni of Loyola University School of Dentistry, Chicago College of Dental Surgery, will hold their annual cocktail party in the Waldorf Room of the Conrad Hilton Hotel on Tuesday, February 7th, 5:00 to 7:00 p.m.

The alumni headquarters throughout the Midwinter Meeting will be Room 512-A. Plan to stop in for a visit with your fellow Loyolians.

DUTCH TREAT COCKTAIL PARTY

All reserve and active duty Army Dental Corps officers are invited to attend a cocktail party in the Bel Air Room of the Conrad Hilton on Monday afternoon, February 6th, from 5:00 to 7:00. Maj.-Gen. Joseph Bernier, Chief, Army Dental Corps will head the receiving line. All officers are urged to attend.

N.U.D.S. LUNCHEON

The Alumni Association of Northwestern University Dental School will hold a luncheon at 12:00 noon, Wednesday, February 8, in the Grand Ballroom of the Conrad Hilton Hotel.

A brief tribute will be paid our former Dean, Charles W. Freeman, during this luncheon.

Reservations are required. Tickets will be available at our Headquarters in the Conrad Hilton Hotel, Room 557-A.

STATE'S ATTORNEY WARD TO ADDRESS ACADEMY

The Academy of General Dentistry will present Daniel P. Ward, former Dean of De Paul Law School and recently-elected State's Attorney of Cook County, at a brunch and social meeting on Sunday, February 5th, 10:00 a.m., at the Sheraton Blackstone. Mr. Ward's talk on "How to Combat Illegal Practice" is of vital concern to all dental practitioners. For that reason, as a courtesy to the profession, it was decided to admit non-members also. Officers of the Academy believe that dentists should become familiar with the social and legal aspects of their practice.

Originally the affair was planned for the organization only, with the Chicago chapter of the Academy acting as host to the national body. When the significance of the program led to the "open

Your Membership Dues

On December 1st of last year you received the statement for your 1961 membership dues. Every year there comes to the central office of the Chicago Dental Society literally hundreds of calls and complaints about the dues received by the Society. First, let it be understood that the Chicago Dental Society, as the component society, is the agent for the collection of the Illinois State Dental Society dues and the American Dental Association dues as well as those of the Chicago Dental Society.

I will attempt a breakdown of the \$80.00 dues bill into its several divisions:

\$30.00 is for your dues in the American Dental Association;

\$25.00 is for your dues in the Illinois State Dental Society;

\$10.00 is for a special assessment for the Law Enforcement Committee of the Illinois State Dental Society in the fight against illegal dentistry;

\$15.00 is for your dues in the Chicago Dental Society; of this amount approximately \$2.00 is returned to each Branch, and

\$2.50 is for your subscription to the *FORTNIGHTLY REVIEW*.

From the above you will note that of the \$80.00 collected, \$15.00 is retained by the Chicago Dental Society of which only \$10.50 is available for the operation of the many Society activities. The Chicago Dental Society dues amount has been static since 1945 and, although the Midwinter Meeting provides some much-needed monies for dental health education and public relations, the rising costs of presenting our annual Midwinter Meeting have skyrocketed to the point where the meeting does not even meet these needs. The \$2.50 allotted for subscription to the *FORTNIGHTLY REVIEW* only partially meets the cost of publication and mailing. These are just the actual figures of the division of the dues bill and are presented to make it clear that the Chicago Dental Society is the collecting agency *only* for \$65.00 of the bill.

Remember this before you call to make complaint. To some, the dues for membership may seem excessive but if you would sit down and analyze just the tangible benefits that dental society membership brings to its members you would begin to realize that it is a real privilege to be a member of organized dentistry. We will attempt to point out a few of the material benefits that come from membership.

1. There is group insurance—life, accident, health, hospital, and catastrophic. The saving on the premium of any one is equal to the amount of your dues.
2. There is the Dental Budget Plan which affords time payments to your patients who qualify and provides you with your fee at once. Thus complete dental service is made available to entire families because the work can be paid for over an extended period. If you have not used it, you are missing out on a real boon to your patients and to yourself.
3. Because you are a member, liability insurance is available at very reasonable rates.
4. Three dental journals are yours because of your membership and if you were to read them all, you will have been provided with a liberal education

in what goes on in your profession. They give information on what is new and acceptable in the way of new products and equipment.

5. The Council on Therapeutics and Research provides a means of testing and of giving approval to worthwhile products. This Council also tests new equipment and instruments and passes on its findings.

6. There is the extensive library of the American Dental Association where almost every known textbook is made available for the use of the membership. This also includes most recognized dental journals. A large library of motion pictures and films are available at an extremely low rental.

7. There is the Legislative Council which is the watchdog of legislation affecting the practitioner. This is true throughout the State.

8. There are the annual scientific sessions of the American Dental Association and of the Illinois State Dental Society, as well as the Midwinter Meeting of the Chicago Dental Society, which in themselves provide a postgraduate course in dentistry that is worth more than the cost of membership.

9. The privilege of joining together with men of like interest and training, in learning by the interchange of ideas a finer and improved dental service to the great American public.

10. Just the opportunity of fellowship with old friends, and fellow dentists.

11. The Relief Fund which is dentistry's way of saying "thank you" to the aged upon whom misfortune has befallen, to make their sunset years a little more livable.

There are other advantages but this should, at least in a small way, give you an idea of what membership in the American Dental Association, the Illinois State Dental Society, and the Chicago Dental Society, means to you in the way of tangible benefits.

HOW MUCH HAVE YOU GIVEN, BESIDE PAYING YOUR DUES?

DR. CHARLES H. PATTON
President, American Dental Association

A.D.A. President to Address Society

Charles Patton Speaks at Midwinter Meeting

Dr. Charles H. Patton, of Philadelphia, 102nd President of the American Dental Association, will address the First General Session of the 96th Midwinter Meeting of the Chicago Dental Society on Monday, February 6th. The session will be held in the Grand Ballroom of the Conrad Hilton Hotel at 7:30 p.m.

Dr. Patton was installed as President of the Association at the 1960 annual meeting in Los Angeles. He is a native of Pennsylvania and in 1919 was graduated from the University of Pennsylvania Dental School. He has been very active in the affairs of organized dentistry, having served as President of the Pennsylvania Dental Society, the Philadelphia County Dental Society, the Pennsylvania Association of Dental Surgeons, the Academy of Stomatology, and the Dental Alumni Society of the University of Pennsylvania. He also served with distinction as the Trustee from the Associa-

tion's Third District for two terms, as well as on many important committees.

Dr. Patton, an orthodontist, is a Diplomate of the American Board of Orthodontics, a member of the staff of the Philadelphia General Hospital and is assistant professor of cleft palate therapy at the University of Pennsylvania School of Dentistry. He is also member of the American College of Dentists, the International College of Dentists, Federation Dentaire Internationale and Psi Omega Fraternity.

Dr. Patton has been honored a number of times for his many contributions to dentistry. When not involved in dentistry and with dental society affairs, he finds time for his hobbies—fishing, photography and tennis.

His very busy life is shared with Mrs. Patton and two growing sons, Charles H., Jr. and Richard W., and his home is at 1702 Locust Street, Philadelphia.—*E. Ebert.*

OPERATION ABOLITION

Lt.-Col. Moore is Chief Information Services Officer for the Marine Corps Air Reserve throughout the United States. His past record establishes the veracity of his story and explains its realistic insight that has gained the enthusiastic delight of private audiences across the country. A Harvard Law School graduate he became a European correspondent for Hearst. When war broke out he enlisted in the Marines as a private and rose to the rank of Captain seeing action throughout the South Pacific. He was secretly landed by submarine in the Philippines where he trained guerilla fighters against the Japanese. Now he tells us of naked violence on our own streets and underground influences on our American youth.

Well, if you can't do a rapid Cricothyroidotomy to obtain an emergency airway for your suffocating friend, you missed the excellent training that we got at our last meeting. Again we salute the Navy and our Program Committee for a job well done. The Army food was a different matter, but the social hour got us thru that one. Prexy Jim Lynch was after-dinner speaker, and good. . . . Word has it that Chuck Schelhas did pretty well at the "wheels" in Las Vegas on his way back from the A.D.A. meeting. Them what has, gets! He reports that the 1965 meeting will be in the gambling Nevada city. However, he had to do well out there to pay the wages of those 5 (five) girls he employs in his office. . . . Ed Laskowski is adding his fifth (5th) operatory. He is pooling his cash with Bob Donovan to buy a thorobred race horse. Pretty speedy out that way! . . . The Harold Hutchinsons, Sr. and Jr., bagged their limit hunting pheasant at Woodstock. Harold, Sr. still gets a kick out of counting bushels of corn from his farm near Princeton. The rich get richer. . . . Bill Meek and Chuck Shaner teamed up for hunting at Cairo. . . . W. O. Brasmer got his limit duck hunting and bagged eleven pheasants for some sort of a record. . . . Bob Christopher is the new Secretary-Treasurer of the Chicago Society of Oral Surgeons. . . . Reid Engelmann did a good job presiding over our last meeting. . . . We are sad to report that Roger Huntington died December 19 at Evanston Hospital. His passing is a real loss to Society and Dentistry. Roger was a cultured gentleman, and an avid student in his profession. His workmanship was flawless, and his eagerness to help others was unsurpassed. We will long remember this great guy. . . . Children's Dental Health Week is coming up. Did you know that membership in the American Society of Dentistry for Children is

open to the Profession? Dr. William Rogers is Treasurer at 3233 South Park, Chicago 16, Ill. Dues, \$15. . . . See you at the next meeting.—*Floyd Grover, Branch Correspondent.*

Northwest Side

The New Year 1961 is upon us and there are many among our branch membership who have decided to make a resolution to keep abreast of the times in the field of dentistry by joining one of the organizations which is dedicated to furthering dental education among the general practitioners. . . . We notice this trend in the membership of the Academy of General Dentistry which keeps growing by leaps and bounds. We are proud to say that the following Northwest Siders have joined or made applications to become members: Joanna Baranovskis, Vincent L. Bonus, Charles Brachmanski, Ted Ferguson, S. F. Galaskiewicz, August A. Giral di, William I. Long, Clifford K. Lossman, Martin Marshack, Edwin C. Ringa, M. Schneider, M. B. Schwartz, David H. Pokrass, Casimer A. Smyk, Samuel A. Tiechner, E. Wojnarowsky, Joseph R. Ziols. Congratulations are certainly extended to those mentioned above who are meeting the challenge of today by vigorous action. Up to date the Chicago Area Chapter has enrolled 52 new members. If you are interested in further information about joining the Academy at a special group rate, please write J. J. Applebaum, 4000 Lawrence Ave., or call MULberry 5-1838. . . . Also in looking back over the past few years one cannot help but marvel at the way the Northwest Side Branch membership has been more keenly aware of their responsibilities as evidenced by the increasing attendance at all branch meetings, which is to be highly commended. . . . This sentiment comes from one of our past branch members who is now in Arizona but who is still a member no matter what boundary lines may dictate. For those of you who would like to drop a line to Jerry, his address is 7202 N. Central Ave., Phoenix, Arizona. . . . Tom Newman is back from California and will practice in Bensenville. . . . Aubrey Lauterstein, our N.S. Program Chairman who at the January 10th Meeting presented Prof. Tom Barber on the sub-

ject of "Space Maintenance," is to be complimented on the excellence of his programs! It behooves every North Sider to avail himself of our excellent programs and the camaraderie of meeting your fellow members at our exciting meetings. Aubrey's son David had a lovely Bar Mitzvah party at the Orrington. . . . Ed Shapiro's year-old grandson had 50 people at his party while grandpappy Ed popped his buttons! . . . Another proud grandfather is Rube Kadens, who reports that another one—or two—is on the way! . . . We all wish Jean Kadens a speedy recovery from her hepatitis infection. Doctors believe she may have picked it up from a not-so-sterile syringe!!! Are we sterilizing our instruments properly? . . . Mark Mendelsohn, Secretary of the Illinois Unit of the American Society of Dentistry for Children, advises that membership is open to all dentists interested in children. \$15 membership checks may be sent to Dr. Wm. Rogers at 3233 South Park, Chicago 16, Ill. . . . Dr. D. J. Normolye, age 82, N.U.D.S., Class of '03, has left St. Petersburg to be closer to his Chicago family. He may be contacted by any of you "old timers" at the Clover Acres Nursing Home, 5214 W. 147th St., Midlothian, Ill. . . . Elizabeth Bernstein, another of our prominent woman dentists, announces the engagement of her son Howard, a U. of I. Med student, to Miss Kari Kohn, a finalist in the Harvest Moon Festival. . . . Ronnie and Shirley Rothenberg's bad luck streak has hit what we pray is the "final three." Within the year they lost Ron's Dad and be-

West Side

The December meeting of the West Side Branch was designated "Denture Night" and it definitely was the most successful get-together of the year as far as attendance is concerned. Apparently the denture facet of dentistry is one of the most fascinating. The program was very well received and held the group interest intently. . . . The Branch wishes to extend New Year greetings to all its members and adds the sincerest hope that the future will hold another prosperous and healthy year for all. . . . Our president, Walter Zipprich, will be on his merry way to a month's stay in the sunny state of Florida. Sounds like a swell deal. . . . A nominating committee for the future officers of the branch was appointed by President Zipprich. The members of the committee are Leo Cahill, Al Sells, Sam Rakow, Adolph Stark and Andrew Kelleher. . . . Condolences of the branch are extended to H. A. Grossman on the demise of his brother, Reverend A. Victor Grossman. . . . The Holidays will be over when this issue appears but Merry Christmas and a Happy New Year! . . . See you all soon.—*Andrew J. Kelleher, Branch Correspondent.*

West Suburban

With the passing of the old year, 1960, we find 1961 off to a tremendous start with many interesting meetings, parties, and celebrations in the making. Yes, 1961 should be a most active year for all of us. Plans for the big April 11th Golden Anniversary Party and Dinner-Dance for our group are well on their way. I am certain that this celebration will bring a near 100% attendance. According to chairman, Bill Stoffel, arrangements for our annual "Clinic Night" which will be held on Tuesday, March 4th, have all been completed. Bill assures us of a multitude of new and interesting clinics. Consequently, this should be a "must" for our activity calendar. . . . Far West Study Club commences the new year on January 26th with a stimulating discussion of Periodontia by Dr. Anthony Gargiullo. . . . Round Table's next meeting will be March 6th. . . . Oak Leaf Study Club begins its "Gold Inlay" discussions in February after their "General Discussion" meeting on Friday, January 20th, moderated by Dr. Edward Kritzke. . . . We have a solicitation for membership drive of 1961 for the American Society of Dentistry for Children. An active group, engaging in public dental health education and presenting to the profession all phases of dentistry for children. The Illinois Unit is encouraging greater participation by all dentists interested in children. Being a member, I can sincerely recommend this organization as a most worthwhile venture for any general prac-

Congratulations to Tony and Mrs. Williams of LaGrange on the arrival of their third child, who was wrapped in blue upon delivery by a Stork on October 21, 1960, named David Lawrence. . . . Congratulations in order to popular Bob Atterbury, our latest "Cover boy." . . . Congratulations also in order to William Aquilino on his mechanical ingenuity of finally being able to start his 1959 auto after the successful Arcolian Christmas Party. . . . Happy to see Frank Lucatorto back to good health after his illness. . . . Would like to, at this time, thank most heartily those who have been sending me news bits and comments, your correspondence is certainly appreciated. . . . Englewood

Janus I, MCMLXI:

So-o-o-o-o, we (editorial) are ensconced on our throne, tripe-tappin'; the Battle-axe, wearin' her new fall outfit (with two pairs of trousers), is readin' *Bitter Homes and Guard-pens*; Joe (pronounced *Djaughe*) is re-readin' for the hundredth time a newspaper clipping

(I'm dead serious) sent to him by an unknown friend, which reads: "Chicagoan Awarded Top Rifleman's Medal. Joseph R. Waska has been awarded the Expert Rifleman Medal by the National Rifle Ass'n. The Calumet High School freshman fired his way through 13 lower NRA qualifications to achieve his high rating." We do thank you, Unknown, as we did not see it in the paper and prize it highly. Long John Silver, my baby-type parrot, is perched on my shoulder, swearing softly between alternate nibbles of MY EAR and peanut butter from the little teaspoon which he is holding in one foot. All is serene, otherwise, and my mind (?) goes back to Old Timer's Nite. Well, the honored class of 1940, from left to ri—no, from top to bottom (they was all piled up in the middle of the floor) were: Francis O'Grady (he *would* be on top), Theodore Fishman, T. E. Bresden, Henry Mathews, Stanley Rozanski, Peter Caprow, John Francis, Jack I. Stillerman, Albert Fick, A. W. Prusis, Joe Vocat, and our gal-type member, Vesta Gronholm, who is too much the little lady to show up at such a brawl. . . . The justly great and famous Dry Sockets Musical Agregation, with our own Ralph Rudder and Dick Valentine on sax (an ill wind that nobody blows good), entertained throughout the evening with such old favorites as Beethoven's Fifth, Tchaikovsky's Fifth, and a fifth each of Old Crow, Lord Calvert, and Sunny Brook (Larry Lucas reported). A Manhattan-inspired, impromptu quartet, stroked by Lew Weil, was a highlight of the party. Never knew that Lew once sang with the Metropolitan. Metropolitan Life's Glee Club, that is. . . . Grandpa Ted Vermeulen (Aug. 19) and Grandpa Stan Pacer diddled me. I was just as polite as anythin' all through ten minutes (each) of their silly prattle about their respective grandchildren and—no ceegars—from niddler of 'em. Phooey on grandpas! . . . Dr. George Knapp, founder of Old Timer's Nite in 1925, sent us his greetings from California, and, Doctor Knapp, know that all present responded most warmly and returned the compli-

ment. . . . Bob Unger, chairman of the Study Club, sez that Englewood's first "seminar" will be given on March 15, at the Sahara Motel (4500 S. Cicero), from 9:00-5:00. Fee, \$10.00 including dinner. Speakers will be: Carl Gieler, Art Krol, and "Gramps" Vermeulen. Tickets from Bob, Ted, Don Buckley, Joe Vocat, or Otto Wagner. . . . Dick Davido is still all shook up. Seems as how he was run over by a wheel in Las Vegas. Roulette-type, I hear. . . . Henry Mathews is red-eyed, too. His oil wells just don't get the message. Here he feeds 'em the finest "greens" that Uncle can engrave, and all they do is get gas. . . . Joe Vocat and Otto Wagner *thought* they was goin' to the St. Louis meeting and sed so, but their wives "NO!" better. . . . Dr. O. E. Scott, President-elect of the CDS, was the party guest of Mathews, Davido, and Bob Unger. . . . Gus and Mrs. Solfronk left after Christmas for Florida to visit their daughter, Mrs. Anderson. . . . John Manning attended the two-day South Suburban Seminar in December. . . . So sorry to report Tom Fleming hospitalized. . . . Paul Kanchier's son, in service in Texas, and his daughter, from Bahston, spent the Christmas week with Pa and Mama. . . . Ray Van Dam was havin' the best time at the bar. Bought me a Martinus. Then he bought himself and me two Martini. He bought a few for the boys. And first *then* did the Poisoner behind the bar give him the bad news. Ray looked at me and said, "And NOW he tells me he doesn't give trading stamps!"—/s/ Commodore Wittle Wo (Oklahoma Navy, retired).

A man who wanted to buy a riding horse for his wife went out to the stables and tried one out. Noticing that the horse was quite spirited and required a firm hand he inquired of the owner, "Do you think that a woman could handle this horse?"

"Well," replied the owner after some deliberation, "let's put it this way. A woman could handle that horse all right, but I'd hate to be the husband of the woman who could do it."

Now Available in PELLETS AND FILINGS

ULTRA BRAND MICRO-FINE and NON ZINC FILLING ALLOY 72% or 68%

Gives the most homogenous mix, thus permits smooth wax-like carving. Develops *high initial* and permanent strength, with corresponding low flow. Assures permanently sealed cavities. Resists tarnish and oxidation. Fillings retain mirror-like lustre indefinitely.

Carefully graded to contain round micro-fine particles. This enables removing the excess mercury, thereby increasing the strength of the filling.

Ultra Brand 72% & 68% appears on the ADA list of Certified Dental Materials.

Use ULTRA-BRAND NON-ZINC Micro-Grained ALLOY or PELLETS when cavities must be filled under the adverse conditions of incomplete dryness—for instance filling children's cavities.

Ask your dealer for 10 oz. plus FREE package. It is moderately priced and superior in performance.

door" policy, it became necessary to establish a minimal charge of \$4.00 for wives and non-members; admittance is free to members of the Academy.

One of the basic precepts of the recently completed *Survey of Dentistry*, an exhaustive, scholarly study whose recommendations will have an important bearing on future professional, political and legislative action concerning the dental profession, states that dentists should make every effort to become better acquainted with their law enforcement officials at the county level. There is no better way to get the ball rolling than through a discussion of the problems by an outstanding legal personality like Mr. Ward from Chicago, which at one time was considered one of the hotbeds of illegal dentistry.

NAVY DENTAL RESERVE WILL HOLD LUNCHEON

The Navy Dental Reserve Luncheon, an annual affair, will take place at the Sheraton Blackstone Hotel on Monday, February 6th, at 12:00 noon. Tickets should be purchased in advance from Captain Henn in the registration area Sunday afternoon and Monday morning. Look for the sign in the Normandie Lounge. All Naval reservists are invited.

ATTENTION! LOYOLA CLASS OF 1921

The Class of 1921, Loyola University School of Dentistry (Chicago College of Dental Surgery), will hold its 40th reunion during the Midwinter Meeting of the Chicago Dental Society at the Sheraton Blackstone Hotel on Tuesday evening, February 7th.

This is an opportunity to renew old

friendships and relive old college days. If each member contacts just one classmate it will make this "get-together" a huge success.

Cocktail hour between 6:00 and 7:00; dinner promptly at 7:00. For reservations, contact J. J. Applebaum, 4000 W. Lawrence, Chicago; MUlberry 5-1838.

N.U.D.S. ANNUAL MEMORIAL LECTURE TO BE PRESENTED BY BRITISH DOCTOR

Dr. Dennis C. Smith, associate professor of Dental Materials at Northwestern University Dental School and a noted teacher and researcher in the field of dental materials, will present the annual Thomas L. Gilmer Memorial Lecture. Dr. Smith is on loan to Northwestern from the Turner Dental School of the University of Manchester, England.

Dr. Smith will speak on "Research in Dental Materials and Its Relation to Clinic Practice" as the subject of the lecture, a key event in the school's postgraduate program this year. The lecture is scheduled for 3:00 p.m. on Wednesday, January 18th, in the Auditorium of Thorne Hall, Lake Shore Drive and Superior Street, on the Chicago campus of the University.

Meeting on Sunday, February 5th, in the Walnut Room of the Morrison Hotel. The meeting will begin with registration at 9:00 a.m., followed by a business meeting at 10:00. After the luncheon at 12:00, three fine essays will be presented by Drs. Stanley Lotzkar, Robert Kesel and Sanford Kauffman, also a discussion of the Commission Report to Public Health Dentistry.

Under the sponsorship of the Association, a meeting of the Institutional and Public Service Dentists will take place on Saturday, February 4th, also at the Morrison Hotel. This meeting will be held all day from 9:00 a.m., with luncheon from 12:00 to 1:00, and will feature a panel discussion on "The Organization of Dental Services in Institutions for Special Populations."

All institutional and public service dentists are cordially invited to both meetings.

COOK COUNTY PUBLIC AID SETS NEW DENTAL RULES

The Cook County Department of Public Aid, with the advice of the Dental Advisory Committee representing the Chicago Dental Society, has established certain new procedures, one of which is to compile an official list of dentists participating in the program.

Participation in the dental program is open to all dentists licensed to practice in the State of Illinois, subject to the approval of the Dental Advisory Committee. A dentist who wishes to be included

on the Department's list of dentists eligible to receive payment is requested to complete an application form which may be secured from the Department. His application will signify his willingness to render services to recipients of Aid to Dependent Children, Blind Assistance, Old Age Assistance, Disability Assistance, and General Assistance.

Additional questions concerning this program may be discussed with the personnel of the Medical Service of the Cook County Department of Public Aid, 25 South Damen Avenue, telephone CHesapeake 3-4600. Applications may also be secured at the above address.—Drs. Howard B. Shepard, Chairman, Samuel M. Rakow, Raymond R. Rux, Edward J. Rus, Sr., Theodore Serr.

SYMBOLIZES IN VIOLINS...

CARBOCAINE

SYMBOLIZES IN LOCAL ANESTHESIA...WITH ITS NEW,
UNIQUE AND UNSURPASSED STANDARDS OF PERFORMANCE.

From the performance of Carboaine in scores of blind clinical investigations and in millions of applications in actual practice emerges this pattern...

- Carboaine is remarkably well tolerated, both locally and systemically.
- Carboaine frees patients sensitized to procaine from allergic responses to procaine-related local anesthetics.
- Carboaine's effectiveness is consistently excellent.
- Carboaine's onset is very, very rapid, frequently reported as "immediate".

We urge you to try Carboaine now and see for yourself. Your dental dealer stocks it in 1.8 cc. min. cartridges, 50 cartridges per can. Or write for clinical samples and detailed literature to the pioneer in dental local anesthesia...

MIDWINTER
MEETING**

Once each year during your annual meeting we have the opportunity to show what progress we have made in the highly specialized field of fixed crown and bridgework.

This opportunity for dentist and technician to discuss what was done or has happened during the past year and then consider what could transpire during the forthcoming year makes for a most constructive educational period.

We shall look forward to your visit at our booth.
